Thank you for your visit to Koi Mart Japan!

[Click here for questions concerning Nishikigoi](#)

Nishikigoi is known as "living jewels" and "king of ornamental fish." It is also loved and appreciated by the name of "Koi" all over the world, where hobbyists are fascinated by its colorful elegance. It is our pleasure to serve Nishikigoi and Koi supplies from Japan to Koi hobbyists around the world.

Koi Mart Japan does have Nishikigoi from more than 50 famous Japanese Nishikigoi breeders throughout Japan. Please check our Nishikigoi breeders list of them.

Home > Other > Automatic Feeder 17L

[ ART.NO 7009 ]

- There are two types, solar and AC.
- The solar type does not need an electricity source.
- Feeding can be done up to 12 times a day.
- The flying distance of the food can be adjusted in 6 steps.

**Ideal feeding can be achieved by 'Feeding Master'**

Fish without stomach can't store feed like other fish so needs to be fed many times during the day.

**POINT 1** solar is used for power  
Battery is charged from solar panel so you don't need in-house power.

**POINT 2** computer controlled feeding system to manage effective feeding  
Number of feedings per day can be managed that makes your fish grow fast with controlled feeding.

**POINT 3** feed spread distance can be set to your needs  
Wide spread designed spreader to assure all fish is fed fully to reduce fish stress and disease.
